

US GSS supplementary Survey for Weekly Internet Use

The Internet has only been widely used for a couple of decades, but ever since then, it has become an integral part of everyday life for many people. The purpose of this survey is to gain a better understanding of the factors that contribute to a higher Internet use.

Your responses will remain confidential, and any information collected will only be used for research purposes. Your personal information and your data will not be shared for non-academic purposes by all individuals working on this study. The survey is completely voluntary, so you can decide to not answer a question or to withdraw at any time.

If you have any questions, please contact the one of the primary investigators, Sakura Ariga, at the following email: sakura.ariga@mail.utoronto.ca

By filling out this survey, you are providing your consent to participate and you acknowledge that your responses will help gain a better understanding of Internet use and its effect on happiness.
